DATE: MARCH 2022

SUBJECT: TRI-COUNTY TRANSPORTATION FOR SENIORS AND/OR

PERSONS WITH DISABILITIES MONTHLY PERFORMANCE

REPORTS

RIDE CONNECTION

1. Overall Ridership. In March 2022, Ride Connection provided 14,022 rides. This is a 28% increase from March of 2021. This increase can be attributed to a re-opening of programs and activities during the COVID-19 pandemic. Ride Connection and partner organizations have experienced increased ridership since the previous year as more customers begin to re-use the services. Ride Connection programs that had significant increases in ridership include Central Beaverton RideAbout, general public rides and STF service under RC Red and RC Washington County office.

- Partners with increased Ridership include David's Harp and the Urban League. Clackamas County's Gladstone Senior Center also experienced increased ridership in March 2022. Metropolitan Family Services increased ridership across all programs.
- 3. Total Costs. The average total monthly cost for Ride Connection in March 2022 was \$579,015. This is a 40% increase from the previous year. Increased costs can be attributed to high ridership demand and reduced volunteer drivers. Volunteers continued to opt out of driving due to the COVID-19 pandemic.
- 4. The Network Cost Per Ride. The average cost per ride for Ride Connection was \$41.29 in March 2022. This is a slight increase from the previous year. The high cost per ride is closely associated with the COVID-19 pandemic. Programs with high costs include the King City Shuttle and Washington County STF Service. Partner programs with high costs per ride include Neighborhood House's SW Shuttle service and Providence Elderplace's STF Service.

RIDEWISE

1. Service Delivery Analysis. 23 persons were served through RideWise's one-on-one, classroom, group and trip planning by phone/mail training

and 15 persons successfully exited out of that one-on-one training with no people whom were prior participants returned to learn a new route. There was a 1,500% increase of successful participants from last year, same time period due to Covid-19 suspended in-person training.

- 2. Under the age of 60, a total of 14 persons successfully exited out of oneon-one travel training with an average of 13.28 training hours per individual
- 3. Outreach. The RideWise program continues to increase awareness of the program by attending resource fairs, meeting with agency professionals, mailings and presentations at staff meetings, etc. This month, there were no presentations/events held.
- 4. Ride Ambassador Program. Due to Covid-19 suspension, there were no volunteer hours recorded for Rider's Club events, committee meetings or outreach.
- 5. Riders' Clubs. The RideWise program activity also remains suspended due to Covid-19.
- 6. Referral Sources. There were 29 referrals in March 2022. Five referrals were from a new agency, or new sources at agencies, with whom a relationship had already been established and five of those five referrals were the result of our travel options counseling efforts.
- 7. School Program. 233 students received training during the month of March. There were 3,156 trips taken as a group, 296 one-on-one trips with 86 teachers and support staff reporting a total of 1,570 hours of training.

RideWise Performance Report – March 2022

	Number Served	Expected trips per week by unduplicated individuals	Expected annual trips	Annual avoided cost		
One-on-one travel training

Ride Ambassador hours monthly	0					
Value of volunteer hours monthly	\$0.00					
Value of transitional staff hours monthly	\$46,244.84					

SANDY AREA METRO (SAM)

1. While overall ridership in 2022 is on an upward trajectory for the year, SAM experienced a slight decrease in March of 2022 compared to March of 2021. SAM provided 6,855 rides, which is -3.8% less than last year. This is possibly due to a driver shortage, causing cancelation and/or

limited service. This is particularly evident with SAM rides and Elderly & Disabled rides, where we are only able to deploy one driver at peak times, instead of two.

- 2. SAM-Gresham route increased by 2.63% from March 2021 to March 2022. The Estacada route was down -25% in March 2022 and the Shopper Shuttle was -2.47% over March 2021.
- 3. Sam rides were down by 26.35% from March 2021 and Elderly & Disabled rides were down by 17.31%.
- 4. Staff attended the 2022 OTA virtual conference. Staff continues to implement the valuable training and education they received.

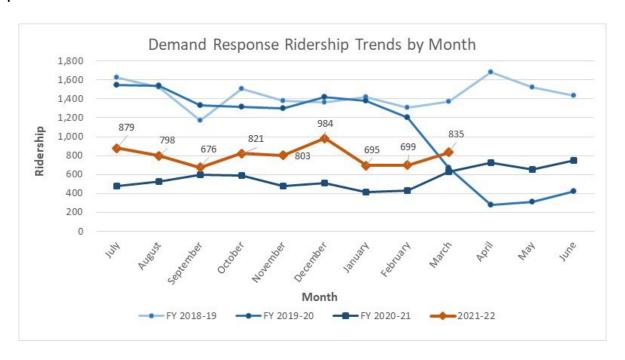

SOUTH METRO AREA REGIONAL TRANSIT (SMART)

- 1. SMART held its annual *All Staff* meeting in March that focused on the City's Diversity, Equity and Inclusion training. We also introduced industry best practices related to customer service and safety.
- 2. SMART has hired four additional drivers that will be cross-trained on Dialaa-Ride and fixed route services.
- 3. Over the last several months, we have been refreshing agreements for a vanpool program that were put on hold during the pandemic. In March,

the final agreement was amended and staff will be launching the vanpool program this Spring.

4. March marks the second year of ridership effected by policies surrounding the COVID-19 pandemic. Dial-a-Ride ridership at SMART is up 25% from that first month, but still only approximately 60% of pre-COVID-19 pandemic levels.

CANBY AREA TRANSIT (CAT)

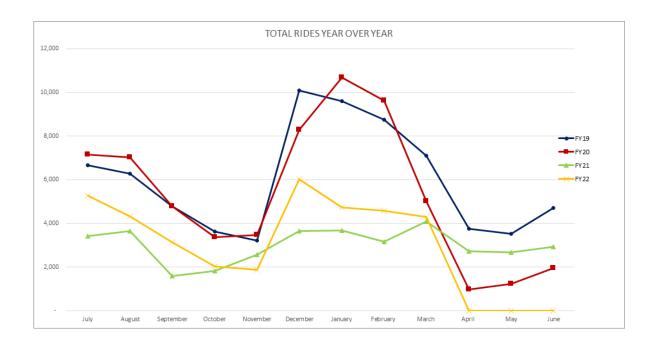

- 1. Ridership in March increased slightly from the prior month and from the previous year. Ridership continues to improve overall, though tends to be slow due to COVID slowing riders returning to the bus. During the month of March total CAT ridership was up 11% from the previous year. During the same time period Demand Responsive trips rose 34% and fixed-route was up 7%.
- 2. CAT continues its policies, including regularly cleaning and mandatory masks.
- 3. In March, CAT provided 340 Saturday rides on both fixed-route and Demand Response. These rides are paid for with STIF revenue. CAT's "City Circulator" provided 706 rides. This service is also funded with STIF dollars.

SOUTH CLACKAMAS TRANSIT DISTRICT (SCTD)

- 1. SCTD has continued to maintain service hours from pre-Covid levels. While masks are no longer a requirement to ride public transit, SCTD continues to make face coverings available to both riders and drivers that would like to wear one. Other precautions have been maintained, such as providing hand sanitizers for customers, nightly disinfecting of vehicles, and plexiglass shields have been installed to help protect drivers.
- Total SCTD system ridership in March 2022 was up compared to the previous month, by over 20%. Compared to the previous year, same period, ridership declined by about 2%. SCTD provided 2,452 rides for the month, with the Clackamas Community College route providing over 64% of all rides.
- 3. Elderly and disabled ridership was up about 20% in March over the prior month, with 275 rides for the month.
- 4. Saturday service provided an average of 33 rides per day. 13 percent of the total City Route trips on Saturday were taken by E&D riders during the month of March.

MT. HOOD EXPRESS

- 1. March was a solid month for the Mount Hood Express (MHX) as ridership numbers were much closer to pre-pandemic levels. Ridership numbers were up 5.19% from FY20-21 and were down 14% from FY19-20.
- 2. Mountain recreation activities are expected to come to a close in the next couple months and we will enter the time between recreations seasons, where we typically see the lowest overall ridership numbers.
- 3. We continue to see a slow recovery of ridership toward pre-pandemic levels. With mask requirements being reduced across the State, we are hoping to see a steady rise in ridership over the next six months.

TRIMET
