

## Summary of Hop Fastpass® Activities -- March 2018

### Policies and Principles of the Board

- ◆ Fare capping and stored value
- ◆ Begin phase out of paper passes and tickets shortly after eFare launch
- ◆ eFare market penetration is key
- ◆ Equalize Honored Citizen & Youth fares
- ◆ Electronically manage transfers
- ◆ A massive education campaign is necessary, especially communities in transition
- ◆ Cash paying customers will continue to have access to single tickets and 1-Day passes on bus and rail
- ◆ Expand eFare accessibility to as many as possible, with emphasis for low income and minority riders

### Highlights of Last Three Months

The success of the Hop Fastpass® system continues as adoption increases. There are now over 80,000 active cards in the system, roughly 75% of which are registered. TriMet was the first transit agency in the world to offer a virtual fare card with Google, which allows customers to tap and pay a virtual Hop card via their Android smart phone. We will make this feature publicly available in Spring 2018. As of February, Hop collected almost \$9 million in sales to date, over \$1.8 million of which occurred in the month of February. Contactless bank payment acceptance (Apple Pay, Android Pay and Samsung Pay) is now 2% of taps; still the highest in the nation. This figure will fluctuate as more people transition to Hop and adopt a variety of payment methods.

- ◆ **Our Rider Support call center remains quiet**
- ◆ **Added over 160 organizations to the program with more being added every month**
- ◆ **Customers can now load cards at 368 locations in the region**
- ◆ **Hop system integration with LIFT paratransit is complete and preliminary Lab Testing has begun.**
- ◆ **Over 80,000 Hop cards have been purchased and tapped through February**
- ◆ **Beta testing of Android Virtual Card is well underway. Survey results show roughly 75% of testers prefer the new app over other payment methods.**
- ◆ **Integrated Lab Testing of Ticket Vending Machine selling Hop tickets has begun**

### Upcoming Hop Initiatives

- ◆ Field testing of Ticket Vending Machines selling Hop tickets
- ◆ Continuous expansion of Retail Network
- ◆ LIFT/Paratransit customer Beta Testing

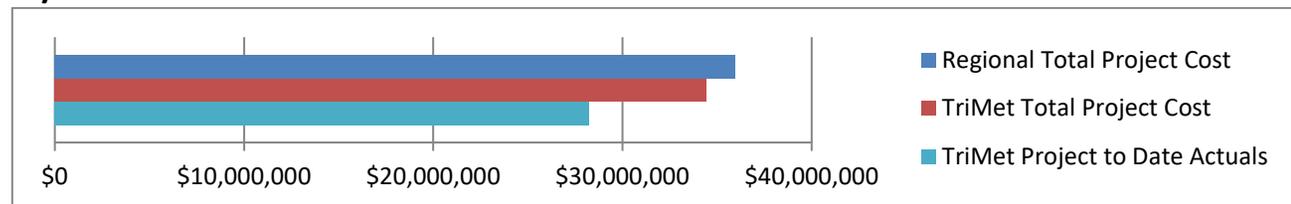

- ◆ Low income fare program system development
- ◆ Roll out Hop to additional institutions and employers
- ◆ Phase out paper fare sales channels (e.g. smaller retailers first and larger retailers thereafter)

## Project Schedule

Task Name	Start	Finish	Jul '17	Oct '17	Jan '18	Apr '18	Jul '18	Oct '18
<b>Phase 1</b>								
Overall eFare Launch Phase 1 - Plan	1/1/2012	7/17/2017						
Overall eFare Launch Phase 1 - Actual	1/1/2012	7/17/2017						
<b>Phase 2</b>								
Ticket Vending Machines - Plan	1/1/2015	12/31/2017						
Ticket Vending Machines - Actual	1/1/2015	12/31/2017						
Expanded Retail Network - Plan	7/17/2017	4/30/2018						
Expanded Retail Network - Actual	7/17/2017	4/30/2018
