

TRI  MET

# ACTIVITY BOOK

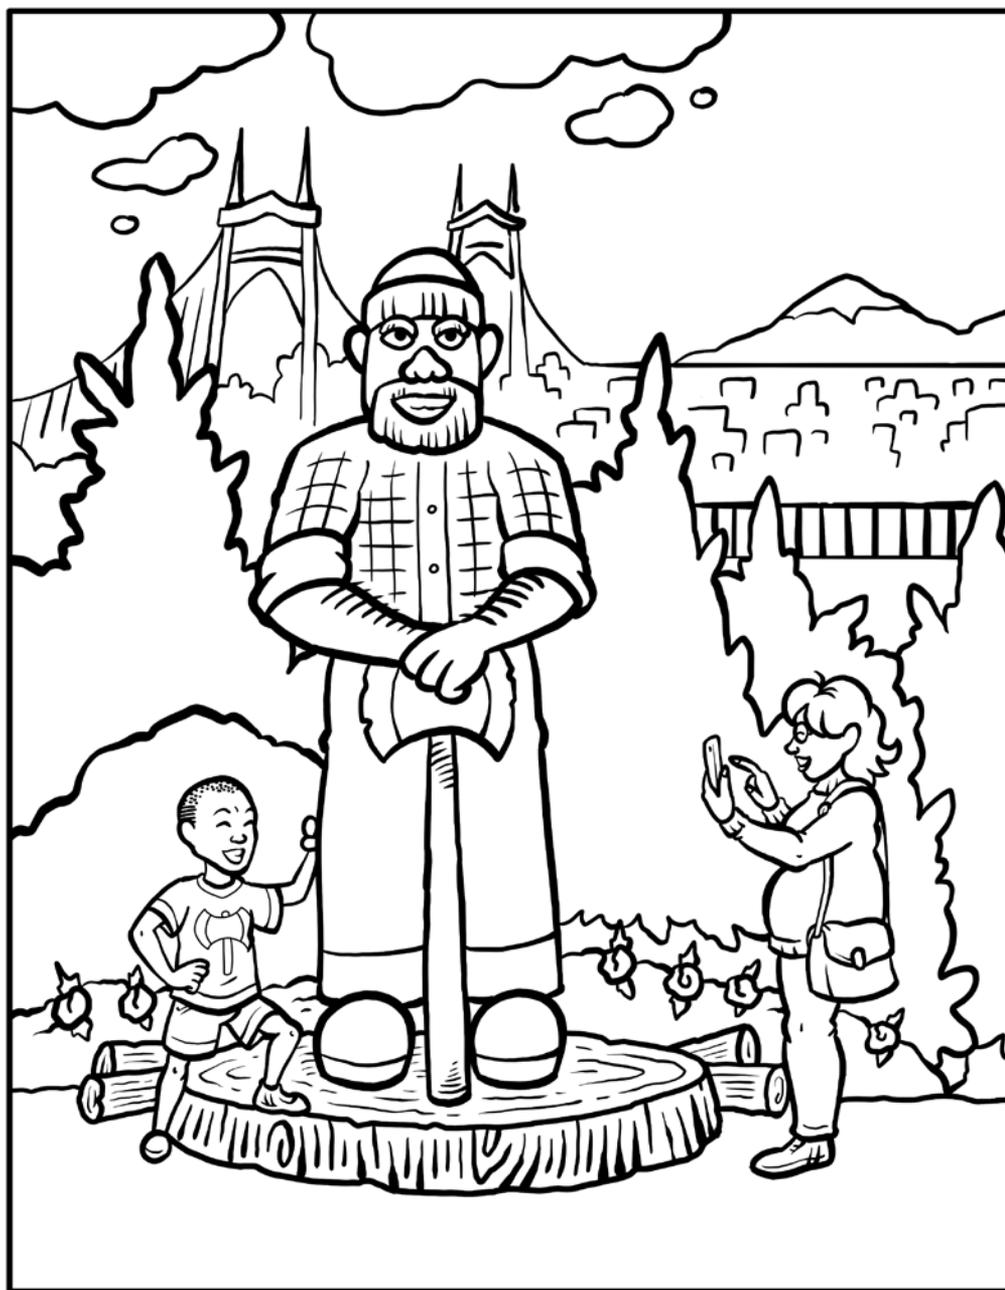

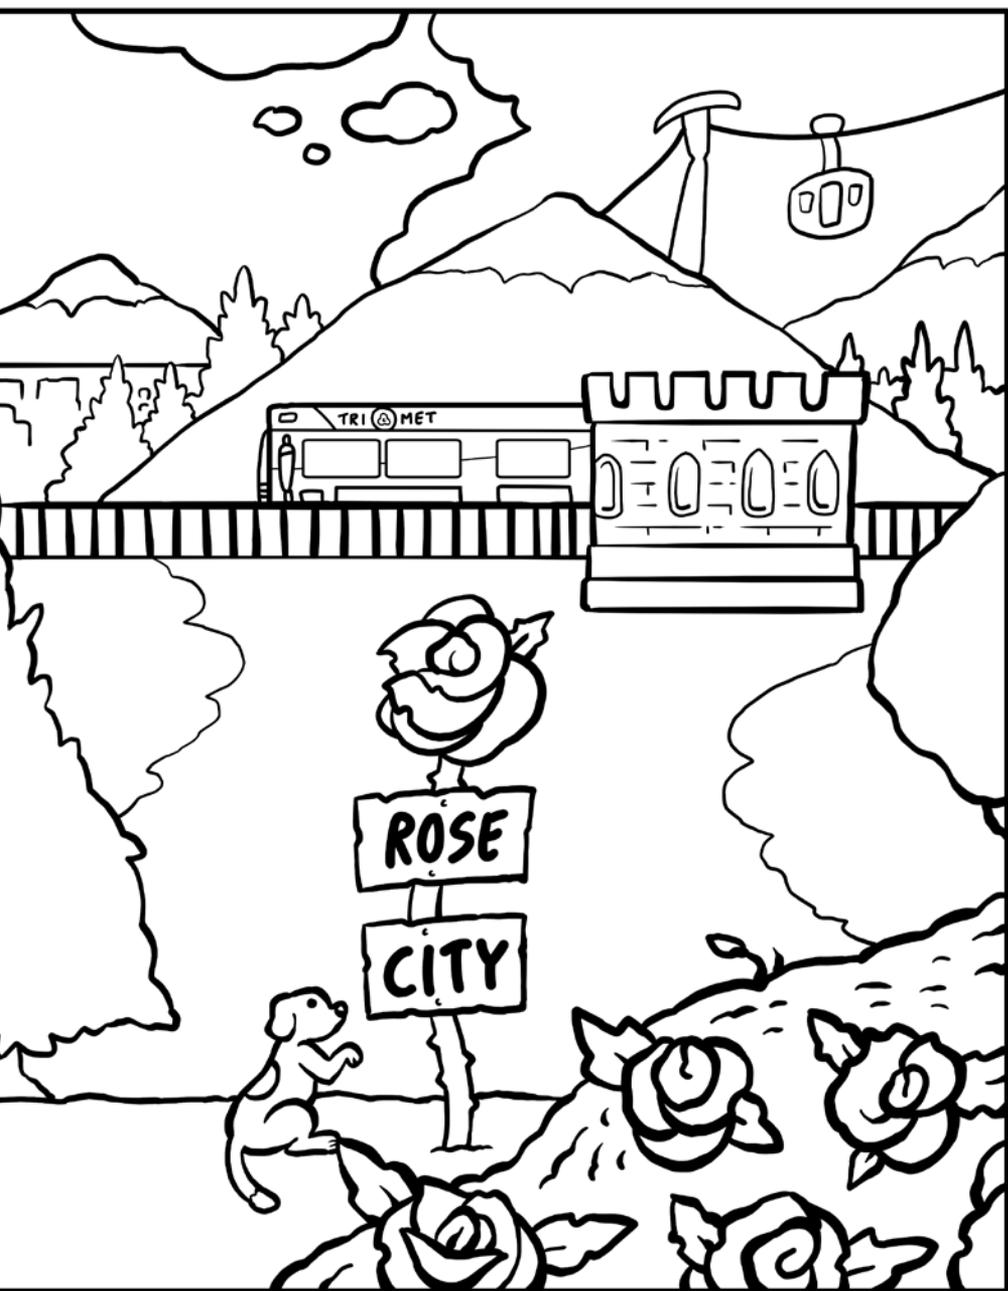

TriMet provides bus, light rail and commuter rail service in the Portland region.

Our transportation options connect people with their community, while easing traffic congestion and reducing air pollution — making our region a better place to live.

# TriMet is Safety First!

Please don't bike, skate or play around bus stops or at MAX stations.

Follow the signals, look both ways and only cross the street or MAX tracks at designated crossing areas.

MAX needs plenty of time to stop — don't try to cut in front of a moving train!

Stand behind the white bumpy strip at MAX stations while waiting for the train to arrive.

Stay seen when it's dark out by wearing flashing lights or reflective clothing.

Hang onto the handrails to avoid falling while the bus or train is starting and stopping.

## Tilikum Crossing

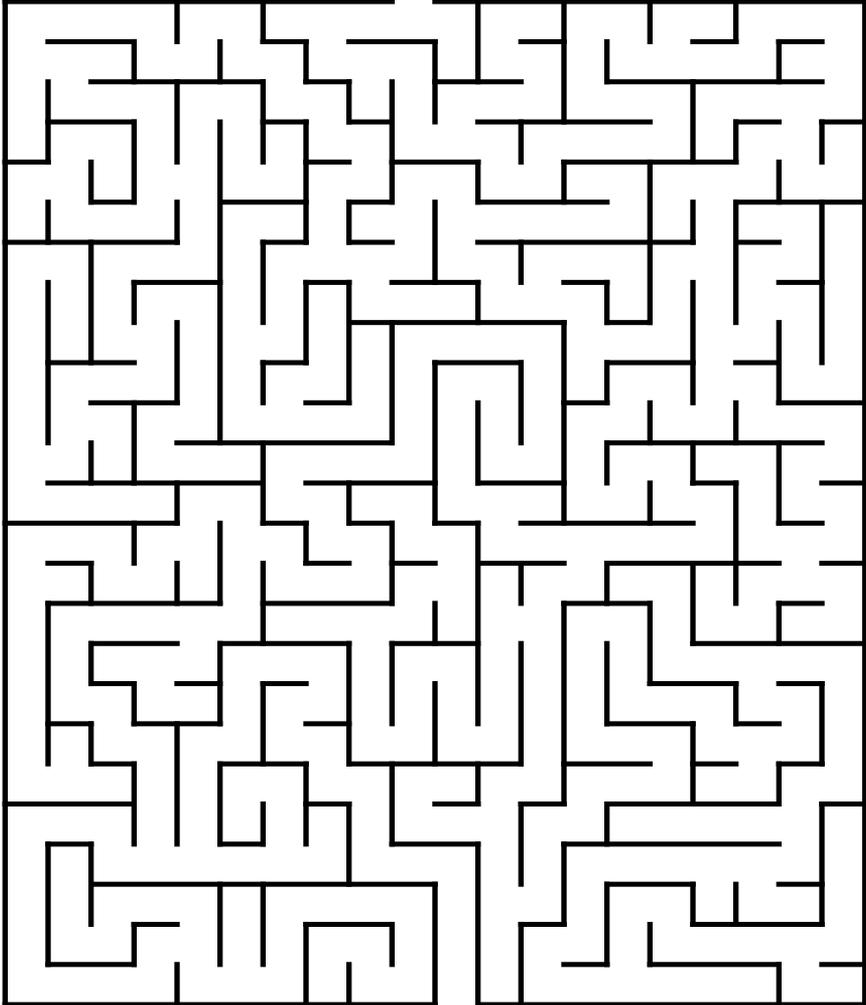

The first bridge of its kind in the U.S., Tilikum Crossing carries MAX Orange Line trains, buses, streetcars, cyclists and pedestrians over the Willamette River.

Only bus, MAX, bikes and people can cross over Tilikum Crossing — no cars allowed!

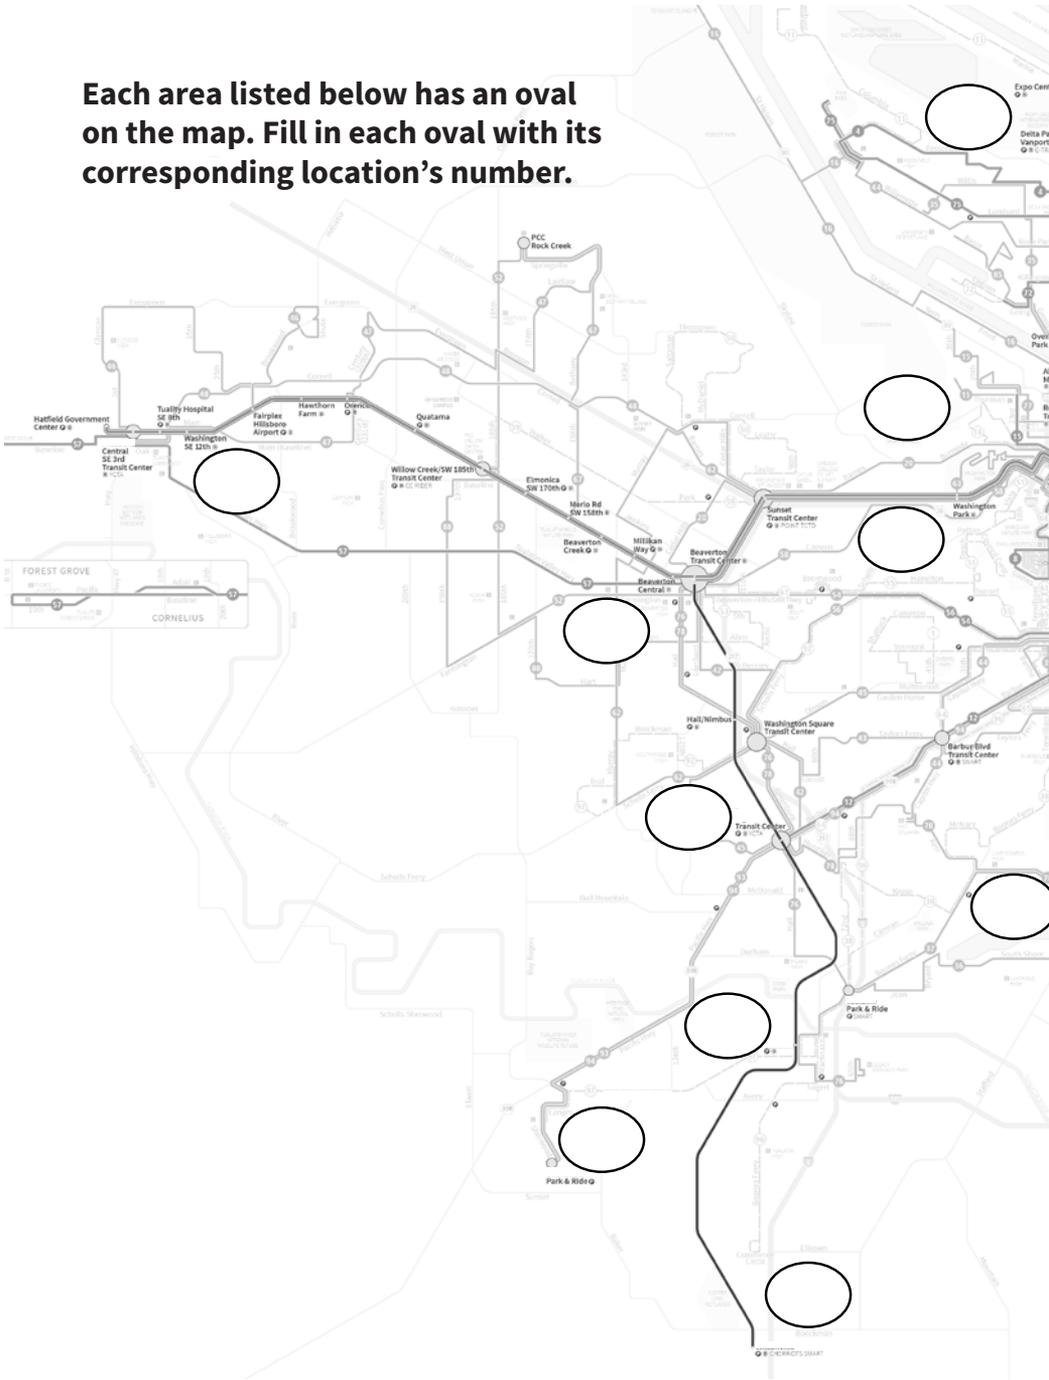

Tilikum means “people”, “tribe” and “relatives” in Chinook Wawa — an international language that was used by the first Oregonians.

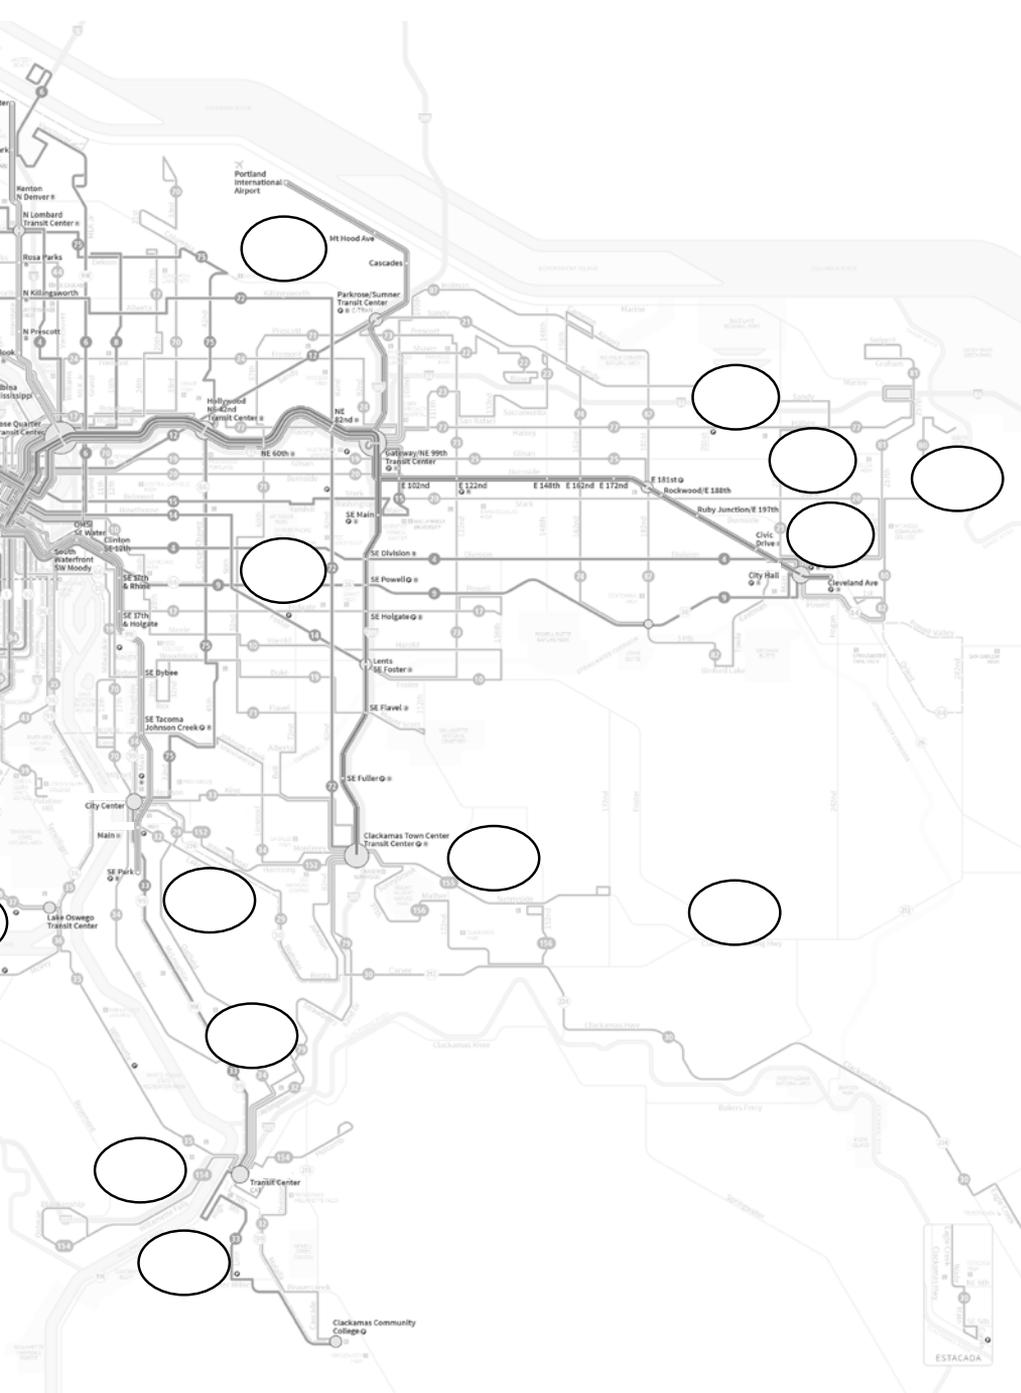

Find the route to Tilikum Crossing

Each area listed below has an oval on the map. Fill in each oval with its corresponding location's number.

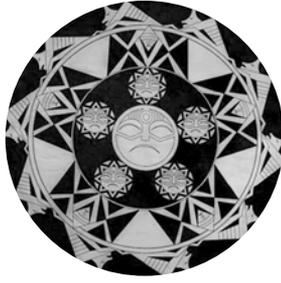

- |              |                 |                 |

20. West Linn

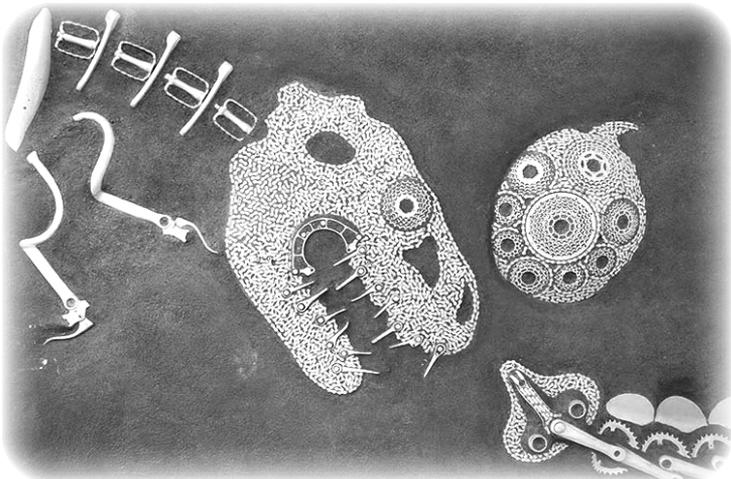

21. Wilsonville  
22. Wood Village

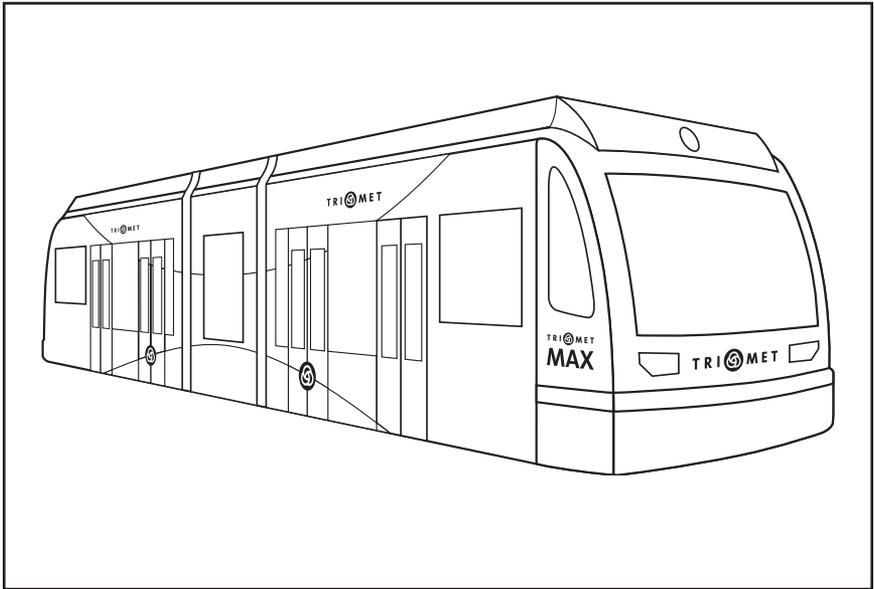

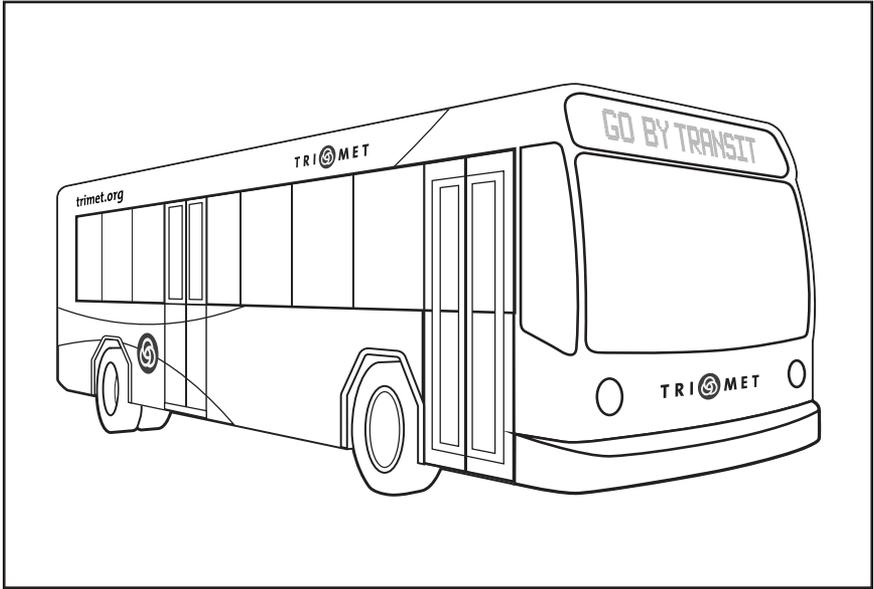

While you are traveling on TriMet, be sure to look for many amazing works of art all around you.

The TriMet Public Art Program integrates permanent and temporary art works into the public transit system — celebrating the contributions of public transportation and recognizing the cultural richness in our region.

Learn more about the Public Art Program:  
[trimet.org/publicart](http://trimet.org/publicart).

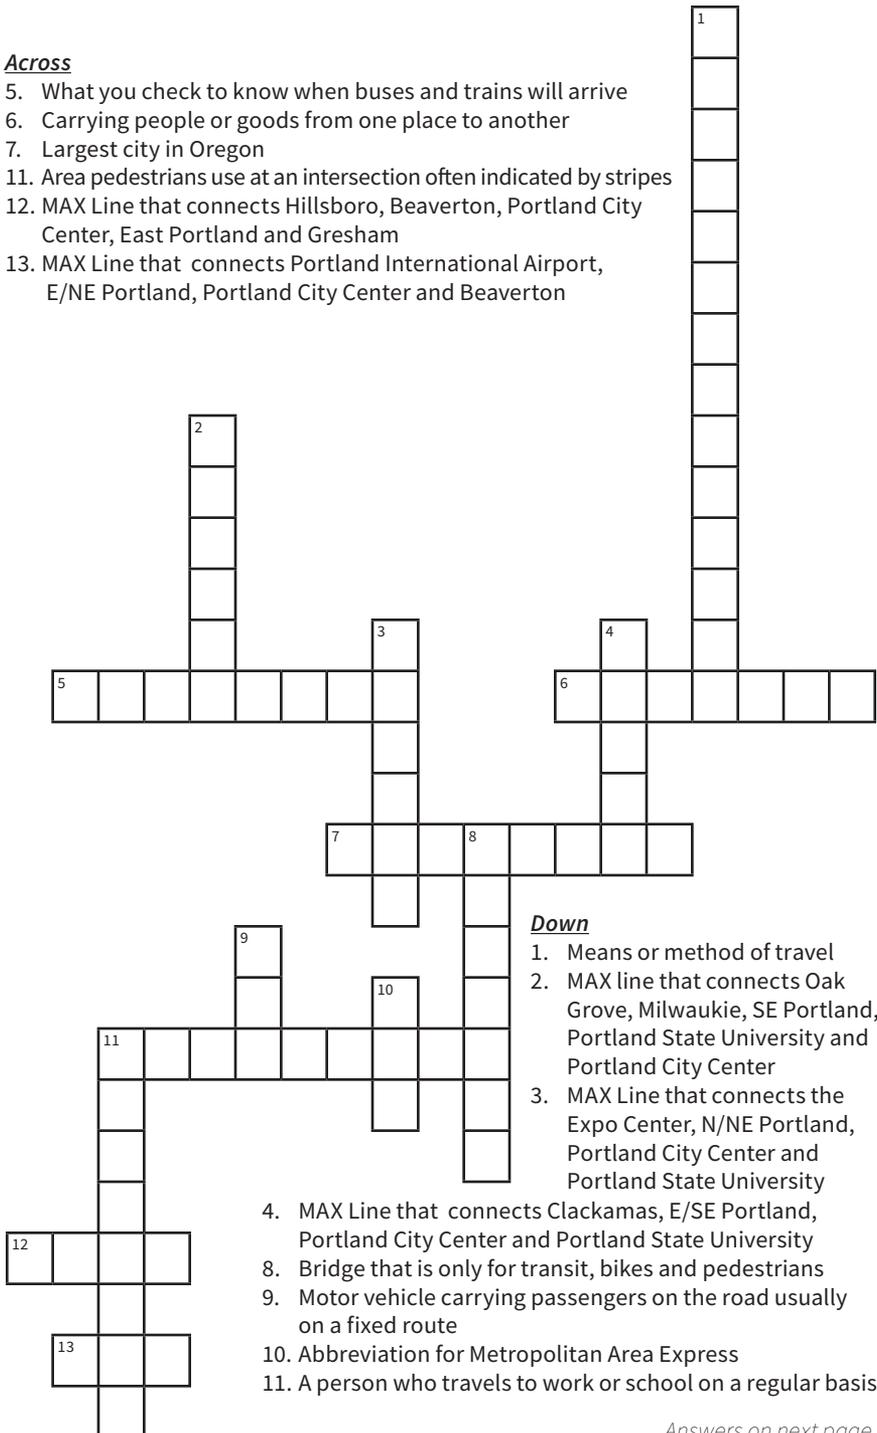

Across

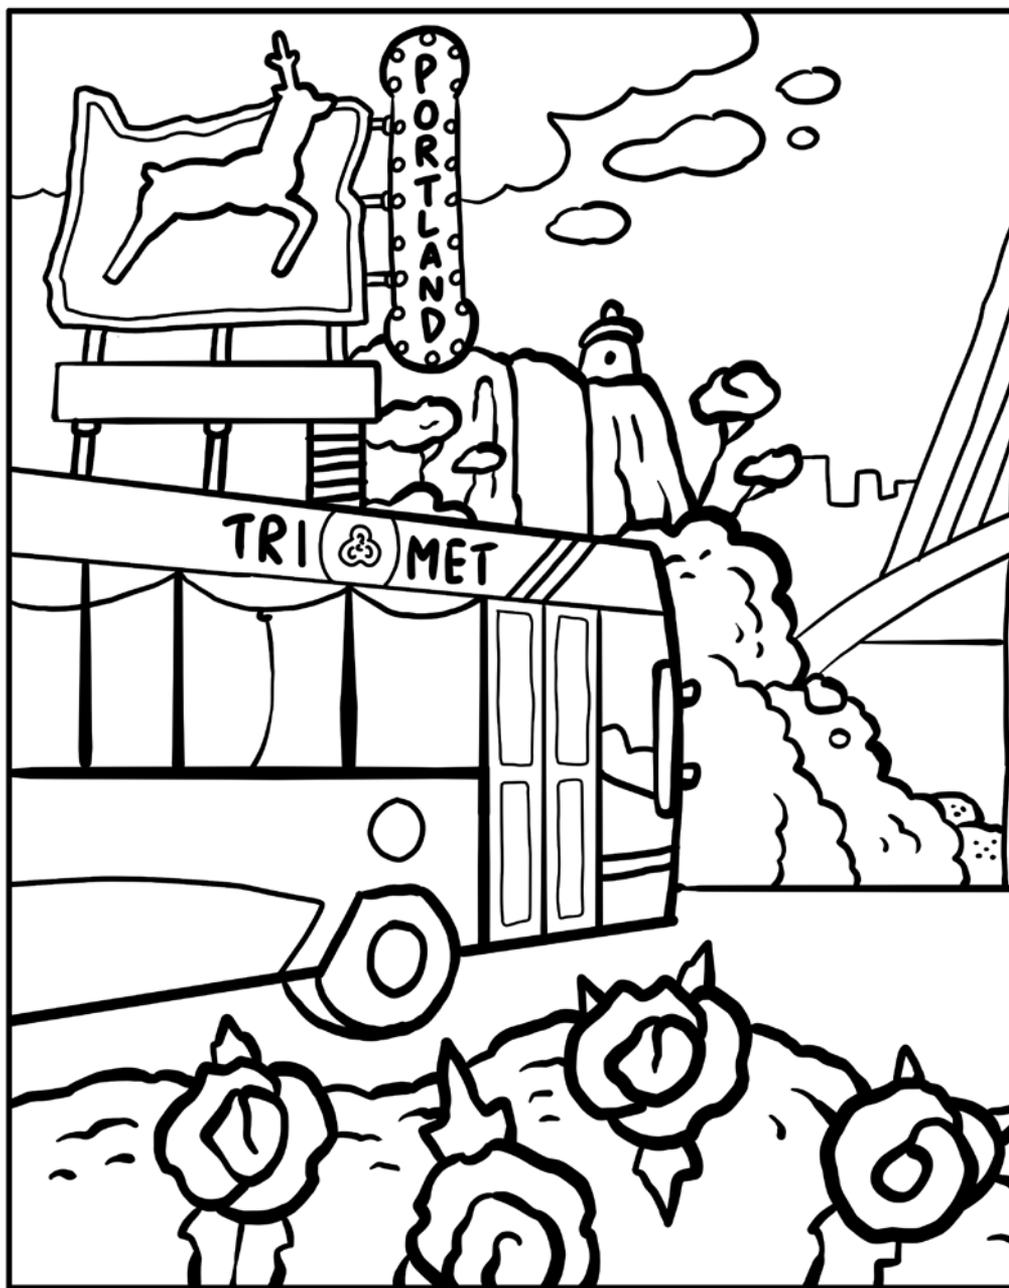

5. What you check to know when buses and trains will arrive
6. Carrying people or goods from one place to another
7. Largest city in Oregon
11. Area pedestrians use at an intersection often indicated by stripes
12. MAX Line that connects Hillsboro, Beaverton, Portland City Center, East Portland and Gresham
13. MAX Line that connects Portland International Airport, E/NE Portland, Portland City Center and Beaverton

Down

1. Means or method of travel
2. MAX line that connects Oak Grove, Milwaukie, SE Portland, Portland State University and Portland City Center
3. MAX Line that connects the Expo Center, N/NE Portland, Portland City Center and Portland State University
4. MAX Line that connects Clackamas, E/SE Portland, Portland City Center and Portland State University
8. Bridge that is only for transit, bikes and pedestrians
9. Motor vehicle carrying passengers on the road usually on a fixed route
10. Abbreviation for Metropolitan Area Express
11. A person who travels to work or school on a regular basis

*Answers on next page.*

Down: 1. Transportation 2. Orange 3. Yellow 4. Green 8. Tikkum 9. Bus 10. MAX 11. Computer  
Across: 5. Schedule 6. Transit 7. Portland 11. Crosswalk 12. Blue 13. Red

**Unscramble the color of each MAX Line and write it next to its correct route then color in the map**
